THE GREATEST DISCOVERY

Rheumatism Cured.

Rhenmatism Cured.

I believe your Microbe Killer a certain cure for rhenmatism. Up to a year ago I was down a great part of my time with rheumatism. I began taking your remedy, and after taking two jugs have never been troubled with it since but once. I bought a jug then and after taking a few doies it entirely disappeared. I have offered in several cases to pay for the Microbe Killer provided it falled to cure rheumatism, but have never had to pay as yet, as it inevitably did the work.

Hemorrholds Cured.

Hemorrhoids Cured.

I wish the afflicted and suffering to know that I positively assert that for twenty-nine years I have constantly suffered intense agony with that most terible disease known as hemorrhoids, or piles, in their very worst form. I have tried every available prescription, but no curative end, I have taken one jug (which contained one gallon) of Microbe Killer, and it has completely cared me. It now feels like a dream that I have ever suffered with that disease.

437 Don't forget that Wm. Radam's Great Discovery is the original and old reliable Microbe Killer (of which other similars ocalled remedies are but feeble initiations) has cured more discasses than all other-proprietary medicines put together.

There is no more useful or elegant article than Ayer's Hair Vigor-the most popular and economical hair-dressing in the market . It courses the hoir to in the market. It causes the hair to grow abundantly and retain the leanty and texture of youth; prevents brid-ness, heals troublesome humore of the scalp and keeps it clean, cool, and leading. healthy. Both ladies and gentlemen everywhere prefer Ayer's Hair/Vigor to any other dressing for the lair. Mrs.

Lydia O.
E. Pittswrites: "I Ask For thou, Me., have used Hair Vigor for some time, and it has worked wonders for me. I was troubled with dandruff and falling hair, so that I was rapidly becoming bald; but since using the Vigor, my head is perfectly clear of dandruff, the hair has censed coming out, and I now have a good growth, of the same color as when I was a young woman. I can heartly recommend the use of Ayer's Hair Vigor to any one suffering from dandruff or loss of hair." *

We do not know why Scott's Emulsion of cod-liver oil is so useful in those simple' but varied conditions which you know as "having a cough." We cannot explain it: we only know the fact

from experience. It may be due to the combination of tonic effects of cod-liver oil and the hypophosphites; it may be partly due to the glycerine. There are many effects in medical practice the causes of which appear to be plain, but how those causes produce those effects we do not know at all. YOUNG BLOOD TO THE FRONT. Elward S. Elhott for Attorney General. His Nomination Urged.

to the Editor of the Intelligencer. Sin:-For four successive state elec-

tions the Republican party has advanced in popular favor and public confidence, beginning with 1876, when Matthews was elected over Goff by about 17,000 majority, and closing with the memorable election of 1888, when Goff was elected by about 100 majority over Fieming, and now we enter the lifth of these great struggles with every assurance that if we are but true to ourselver the result will be such that not even a Democratic legislature will dare to count out the legally elected officers of the people.

If we make a judicious selection of candidates and an agreesive campaign success is almost certain. It is therefore highly important that we nominate only the best men and discard all feel-ing except the desire to promote har-mony and to make all honest efforts to elect our ficket. Believing that Ed-ward S. Elliott, of Preston county, is ward S. Elliott, of Preston county, is one of the most popular and able Re-publican leaders in the state, and that he will be a candidate whose record and worth will commend him to the voters of our state, I desire to urge his name for the nomination of attorney general. Not only is he a brilliant speaker and an energetic worker, but he is also a thoroughly educated lawyer and a man that we can all be proud of after we

that we can all be proud of after we elect him.

His nomination would be the strongest possible indication that the party is willing and ready to give the young man a chance, and would infuse life and activity into our efforts. I do not wish to say a word against the old men of our party, but I do think, in all fairness and honesty, that what we most lack is barty, but too think, in all fairness and honesty, that what we most lack is young blood to make an aggressive right. Mr. Elliott has the young blood and all that know him will testify that he is a fighter of the first water—possessing both the ability and the inclination to crays as the state and always. tion to canvass the state and advocate

Hopublican principles.

Mercer county will support him in the convention and I believe our party will make a great mistake if we fail to give him the nomination. Let the party put up a good ticket and make an energetic campaign and this county can be getic campaign and this county can be relied on for three hundred majority.

Most respectfully yours,

EDGAR P. RUCKER.

COL. POORMAN FOR CONGRESS. Why the Old Soldiers Should Support Him. His Great Popularity.

To the Editor of the Intelligencer,

Sin:-Stand fast for the champion of protection. Col. C. L. Poorman, who is the candidate for Congress from the is the candidate for Congress from the sixteenth Congressional district is the second McKinley of Ohio, and one of the brainiest men in the state; one who has made a study of politics for the last forty years. And no man in Ohio is better posted on the political issues of the day than ho. No one man has done more for the Republican party than Col. Poorman and during the dark days of the rebellion there was none more of the rebellion there was none more gallant and brave than he was; and since peace was declared, from the sur-render of General Lee until the present time the old soldiers of the Union army have had no better friend. It behooves them to stand by him in this contest as he stood by his country and flag in the trying days of '61 and '65.

Let us rally around him now as our standard-bearer in Congress. Let us stand shoulder to shoulder and elbow to elbow in solid column as we stood in the trenches, knowing that if we stand by him so he will stand by us and that we will have a leader who will lead us on to victory: one who is able and brave enough to cross swords with the southern brigadiers in Congress as he has done on the field of battle in many a well fought fight. to elbow in solid column as we stood in

a well fought fight.

In justice, Colonel Poorman should be given the nomination now, as it was given to him before, for now there is a good chance of his being elected. When he took the nomination before there was no possible show, for everything was negated by you in the force of all was no possible show, for everything was against him; yet in the face of all this he took the empty honors, made the fight and came very near being elected, running ahead of his ticket in every county in the district and reducing the majority from 1,633 to 748, something that was never done by any candidate in the history of the Peruty candidate in the history of the Repub-lican party of this congressional dis-trict. Let all the old soldiers and their friends stick to Colonel Poorman in this matter and thus insure not only his nomination but his election as well.

Democratic Congressmen Think the Solid South Will Be Broken This Year.

New York, April 26 .- The Herald's Washington special says: "For the sake

Washington special says: "For the sake of a few New England mugwumps we are likely to lose a number of Democratic silver states," declared Congressman Bland yesterday.

Mr. Bland has apparently abandoned all hope of silver legislation at the present session of Congress. He does not admit this in so many words, but he does not talk hopefully of getting the bill up again in the house, and he knows that there is little chance that the sentet will take the initiative in passing a bill.

Mr. Bland was asked what states the Democrats were likely to lose this fall because of their failure to pass a silver bill. Ho named North Carolina, South Carolina, Georgia, Alabama. Mississippi and Arkansas as states likely to be affected by the failure of the house to act.

act. "What do you think of the proposi-

What do you think of the proposi-tion for the monetary conference?"

Mr. Bland received the suggestion with a scornful scoff and said: "That does not fool anybody. There will be no monetary conference. The President no monetary conference. The President does not want a monetary conference. England does not want a monetary conference. England does not want a monetary conference, nor New Englund, nor do the bankers of Wall street. They are all in cahoots. This is merely a political trick on the part of the President. He simply wants to tide over the situation until the next election. He has no expectations that there will be a monetary conference, nor have L."

Senator Pugh, of Alabama, agrees with Mr. Bland in thinking that a number of the southern states are doubtful with an anti-tree coinage candidate.

He goes further and insists that North Carolina and South Carolina will be carried by the Republicans at the an-

carried by the Republicans at the au-tumn elections if the Democrats re-nominate Mr. Cleveland or any candi-date with decided anti-silver views. He date with decided anti-silver views. He does not mean that any Democrat will vote for the Republican nominee for the presidency but he believes that the silver Democrats in those states will be so disgusted at the refusal of the house to pass a free silver bill, and at the action of the national convention in nominating an opponent of unlimited coinage, that fifty per cent of them will stay away from the polls, while the white Republicans and the negroes will vote the Republican ticket and give a majority to the Republican electors.

"Humburg," was the ejaculation of Senator Stewart, of Nevada, when I

asked him what he thought of the President's plan for an international

silver conference.
"The President talks about the enlarged use of silver," said the senator, "There can be no enlarged use of silver except to use it for money. He is talking nonsense. I intend to make a speech about it at the first opportunity."

The stock market during the forenoon to-day exhibited some increase in the amount of business as well as general interest in the speculation, but later it became dull and stagnant, while exhibiting a firm temper in the main. The professional element was more inclined to take the iong side, especially as the crowd showed an increased demand for stocks, indicating the enaracter of the selling during the last few days. The bears were still active in Atchison and the grangers, and these operations had influence enough to check burjug in the general lists, so that the early advances were in but few cases increased late in the day. There was also considerable pressure upon both Reading and New England. There was a better feeling in the industrials. Some of the low priced shares, near the close, made sharp movements upward, and Pittsburgh & Western preferred, Chesapeake & Ohio, Tennessee Coal and Denver & Rio Grande preferred made substantial gains.
